*Wind Ensemble, Wind Symphony, Symphonic, Concert Band*

Parent Name \_\_\_\_\_

The Belton High School Band Private Lesson Scholarship program is designed to help students offset the financial impact of private lesson study. If awarded, the scholarship will cover half of the student's weekly private lesson fee. The student financial responsibility will be reduced 50% per lesson. The student portion of payment should be paid directly to the private lesson teacher at the beginning of each month or whenever the lesson teacher has requested payment be made.

Students must maintain the following requirements to remain enrolled in the Belton H.S. Band Scholarship program:

1. Students will agree to prepare & practice for lessons as teachers assign.
2. Students will agree to bring all necessary materials to all lessons.
3. Students will agree to be prompt and on time and not miss lessons without properly notifying the private instructor before the lesson time.
4. Students will agree to enter and audition at All-Region tryouts and play a solo at UIL Solo / Ensemble according to the requirements for the student's ensemble.
5. Students will remain academically eligible throughout the year.
6. Students will fulfill all regular rehearsal & performance requirements of the band throughout the year.

*\*\*\*For anyone who receives a scholarship: We encourage students and families receiving a private lesson scholarship to participate in the fundraisers that the band does throughout the year and/or volunteer their time with some of the band events. Those fundraisers and events are how we raise money for the scholarships. ADDITIONALLY: We encourage the family/parents to become members of the Band Booster organization at BHS.*

Was your child on scholarship for private lessons in the last school year? \_\_\_\_\_

**This document continued on back.....**

**Briefly describe the circumstances that promote the need for scholarship for your student. This is not meant to pry into personal lives, but these are primarily need-based scholarships and we need some guidance to be able to make selections. Leaving this section blank could affect our scholarship deliberations.**

***I have read the above information about the requirements to receive a scholarship, and agree to the terms of this document.***
